WHERE LIGHT AND SHADOW MEET, AND YOU ARE AT THE CENTER

In Japan, beauty is found in the harmony of stillness and movement, and in the interplay of light and shadow—the philosophy of Yin and Yang.

In the heart of this balance lies an abundance born from nature's rhythms.
Our Ureshino tea—crafted through time and nature—embodies yin: quiet, deep, and serene.
The floral creations—brought to life by skilled florists—embody yang: vibrant, radiant, and full of life.
Together, they express the colors of Japan, rooted in the harmony of Yin and Yang.

Finally, we invite you to take home a hand-crafted vase filled with flowers you have arranged yourself, and bring it back to your room to enrich your stay.
An unforgettable journey of the senses—where tea, flowers, and asobi (play) come together in perfect harmony.
