We wish to be your villa in your special day with us.

Guest Rooms

Main building

These Japanese-style and modern Japanese-style (Japanese-style rooms with beds) rooms are brimming with traditional Japanese charm and offer a relaxing atmosphere.
Outside the windows, you'll find views of the Ureshino Onsen town and the surrounding Ureshino countryside. Please forget the hustle and bustle of daily life and take your time to unwind in this soothing space filled with the tranquility of Japanese tradition.

Hot Springs

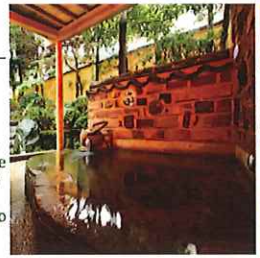
Ureshino Tea
×
one of Japan's Three Great Hot Springs for Beautiful Skin
"Ureshino Onsen,"

Ureshino Onsen features sodium bicarbonate springs, which are said to have skin-beautifying effects. Rich in sodium, these springs soften dead skin cells and moisturize the skin.
The open-air bath is a "tea bath"—a rarity even in Japan—where Ureshino's specialty, "Ureshino tea," is added to the hot spring water.
From a massive stone teapot, the ultimate skin-beautifying water—rich in tea extracts—flows into the bath.

Spring type: Sodium bicarbonate chloride spring
Efficacy: Neuralgia/Contusion/Chronic Digestive diseases/Recovery from illness/Muscular pain
Movement paralysis/Hemorrhoid/Health Enhancement/Arthralgia/Twisted joint/Coldness
Skin diseases/Frozen shoulde/Soothing effect/Joint stiffness/Chronic women's disease

Sazan-tei rooms with open-air bath

We have a total of 7 rooms.
These Japanese-style rooms offer a spacious and serene atmosphere.
Set amidst lush greenery, these rooms feature private gardens where you can lose track of time and leisurely savor the charm of Japan. Each room comes with its own private open-air bath, and the design of each bath varies from room to room.



Sukiya-zukuri gest rooms
Suigetsu

A five-room Sukiya-style building that embodies the essence of Japanese hospitality and traces its roots to the spirit of the tea ceremony. The pure Japanese-style architecture creates a space filled with tranquility, and its harmony with the Japanese garden—which reflects the changing seasons—truly embodies the essence of elegant tradition. We invite you to relax in this serene and refined atmosphere, where you can fully appreciate the beauty of wabi-sabi.

Tsuki Suite

All five guest rooms are designed with the theme of "a stay where you can fully enjoy experiences unique to Ureshino." In addition to interiors that incorporate "Hizen Yoshida-yaki," a traditional craft of Ureshino, you can also enjoy an "Ocha-buro" (tea bath) fed directly from the natural hot spring source. We invite you to spend a luxurious moment here, a welcome break from your daily routine.
